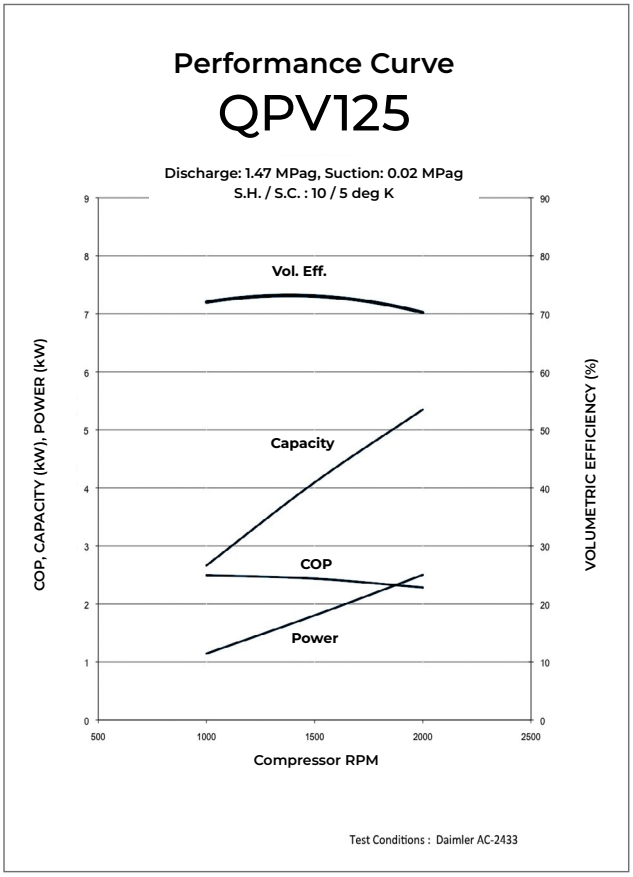
QPV125

TCCI compressors deliver proven, high-performance thermal solutions for Class 3–8 commercial vehicles and recreational platforms worldwide. **Primary applications include automotive, heavy-duty truck and construction applications.**



- Variable swash-plate compressor
- 125cc displacement
- Balances performance to the amount of cooling required
- Increases fuel efficiency
- Provides enhanced durability

Backed by validation at the **Climatic Center for Innovation & Research (CCIR)**, TCCI compressors are tested under realistic duty cycles and ambient extremes—reducing development risk and accelerating time-to-market. **With multiple global manufacturing locations and regional engineering support**, TCCI ensures total delivered value with extensive system-level validation, tested integration support, and long-term field-tested reliability with every unit.
